DIVIDEND:

The board reviewed the financial performance and the Capital Expenditure requirement for the near future of the company. To meet the recently revised Pollution Control norms, your company has proposed to upgrade the “Plant & Machinery”. Further as a cost reduction measure, your company focused its attention to replace the out dated and inefficient equipment(s), to save power cost and to improve efficiency in production. Your company has already initiated the erection and commissioning of a new cement packing plant with modern technology, to reduce the weight differences as per weights and measures standard norms. In view of above, your directors are unable to propose the dividend for the year under review.

MANAGEMENT DISCUSSION AND ANALYSIS:

The Indian economy registered a growth rate of 8.68% for the year under review when compared to 7.4% for the year 2014-15. The Cement industry is in line with the growth of the economy.

The Government of India has undertaken various policy initiatives such as new amendments in Mines and Minerals (Development and Regulation) Act 1957 and further liberalized foreign direct investment. Many broad based set of initiatives aimed at encouraging “starts up” and tax holiday for new SMEs are expected to give an impetus to the manufacturing sector. It is expected that the benefits from various policy initiatives will have a positive impact on the manufacturing sector including Cement Industries in the coming years.

The construction activity which directly related to Cement Industry has been growing marginally during the year. Your Company may face the market more competitive due to this factor but the infrastructure Sector growth will ease the situation in the positive direction in the near future.

Your directors are confident of overcoming the adverse factors by appropriate decision and the stake holder support.

Annexure B to Auditors' Report of even date

Report on the Internal Controls on Financial Controls under clause (i) of sub-section (3) of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Hemadri Cements Limited ("the Company") as of 31 March 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
